Narayana Junior College	2017-2019
Intermediate	88.1%
Blooming Minds Central School	2016-2017
CBSC	8.4 CGPA

Technical Skills

Frontend: HTML5, CSS, Basics of (React Js)

Programming Languages: Java SE , Advanced Java

Scripting Languages: Javascript

Database: MySQL, Oracle

Secondary Skills : Word , Power Point Presentation, Excel, Auto Cad , Tally Erp 9

Project

1. **Thermal Analysis On Nano Pcm Based Solar Pond For Water Desalination**

Solar ponds are vital for sustainable energy storage, particularly when combined with phase change materials (PCMs) and nano PCMs. They hold promise for enhanced efficiency. Solar energy-driven desalination offers significant potential for the future. Emphasizing environmental concerns is essential for producing clean water sustainably.

2. *Developed A Personal Portfolio Web Page By Using the Frontend and JavaScript*

Structuring our project with HTML, CSS, and JavaScript files. Designing and styling my portfolio layout. Adding interactivity with JavaScript for a better user experience. Populating your portfolio with relevant content such as bio, projects, and skills. Polishing the design and functionality. Deploying your portfolio to a web hosting service for public access. I have Used GitHub pages for website deploying

My Portfolio Webpage : [My Portfolio](#)

Languages Known
